

Internship in Operations

Verity Studios delivers ground-breaking drone show systems that are purpose-built for the live entertainment and events industry. The unique performance capabilities of show drones provide a stunning complement to the traditional palette of light, sound, stage effects, and human performance. We are excited about using technology to transform live entertainment and other industries, and we are growing our team.

Your tasks

- Support daily operations management and planning
- Support purchasing activities including vendor selection, securing part availability and quality management
- Support production setup and improve production lines
- Set up small warehouse and define inventory strategies and KPIs
- Coordinate and monitor shipments to customers

Benefits

- Work in an interdisciplinary, international team of highly skilled people
- Deliver ground-breaking technology to some of the world's most prominent stage productions
- Shape the culture and have a significant impact in a rapidly growing young company

Prerequisites

- Internship duration: 6-18 months
- Good written and spoken English language skills required, German a plus
- Strong interest and first experience in any of the following areas: operations management, production management, supply chain management, industrial engineering, logistics, inventory management, sourcing, planning (MRP, S&OP, IBP)
- Excellent team player, good organizational, analytical and communication skills
- Self-starter, self-driven

How to apply

As part of your application package please include:

- Your availability
- Cover letter
- Resume/CV
- Academic degrees or transcript from ongoing studies
- 2 reference letters, or the contact details of 2 references
